EDUCATION

B.E: Computer Science and Engineering (CGPA - 9.29)

2021 - 2025

Navodaya Institute Of Technology

Raichur

12th Grade Certificate (Percentage - 94%)

2018 - 2020

Al Kareem Girls PU College

Raichur

10th Grade Certificate (Percentage - 80%)

2018

St Marys Convent High School

Raichur

COURSEWORK/SKILLS

- OOPS Concept
- DBMS
- CSS
- JavaScript
- Operating Systems
- HTML
- Tailwind CSS
- React

PROJECTS

Access Me Bookmarklet | JavaScript, Accessibility

Apr 2026

- Developed an accessibility bookmarklet with a team to improve web usability for users with diverse accessibility needs.
- Implemented 5 user profiles: Senior Mode, Low Vision Mode, Motor Impairment Mode, Dyslexia Mode, and ADHD Mode.
- Integrated accessibility features such as text enlargement, high contrast mode, keyboard navigation, dyslexia-friendly fonts, and focus assistance tools.

Language Detection and Translation Model | Machine Learning, Python

Oct 2024

- Developed a machine learning model using Naive Bayes and character-level n-grams for language identification.
- Integrated Optical Character Recognition (OCR) for real-time text extraction from images.
- Translated detected languages into English and achieved high accuracy using Scikit-learn pipelines.

Group Expense Manager App | Android Studio, Java

Jun 2024

- Designed an expense-sharing application that allows users to create groups, record expenses, and split costs among members.
- Implemented customizable expense distribution and real-time balance tracking features.
- Provided expense summaries showing individual debts and credits within groups.

EXPERIENCE

Cognizant Technology Solutions

June 2026 – Present

Programmer Analyst Trainee

Chennai

- * Completed specialized training in the Moment Accessibility Domain with a focus on creating inclusive and accessible digital experiences.
- * Designed and developed 2 responsive user interfaces using React.js and TypeScript, ensuring scalability, maintainability, and user-friendly experiences.
- * Applied accessibility best practices while developing UI components, improving usability for users with diverse accessibility needs.
- * Developed foundational web development expertise in HTML, CSS, JavaScript, React.js, and TypeScript.
- * Studied WCAG guidelines, ARIA roles, POUR principles (Perceivable, Operable, Understandable, Robust), accessibility testing techniques, and keyboard navigation patterns.
- * Gained practical understanding of different disability types and inclusive design approaches through real-world accessibility scenarios.

JSpiders

2025 – 2026

Java Full Stack Trainee

Bangalore

- * Completed training in Java Full Stack Development covering Core Java, JDBC, Servlets, SQL, HTML, CSS, and JavaScript.
- * Built and tested web applications using frontend and backend technologies while following software development best practices.

TECHNICAL SKILLS

Languages: JavaScript, Java, SQL

Libraries/Frameworks React, Numpy, Pandas, Matplotlib, Django

IDE/Softwares: VS Code, Android Studio, Eclipse, Google Colab, Jupiter NoteBook

Databases: Strong understanding of database concepts and commands

EXTRACURRICULAR

- * Consistently Ranked Among the Top Performers - Secured 4th and 5th positions consecutively across Eight semesters, demonstrating sustained academic excellence and commitment.
- * Honors Degree - Graduating my CSE degree with honors from VTU.

CERTIFICATIONS

- Certificate Course on Artificial Intelligence - Redington Foundation in collaboration with ICT Academy and Microsoft.
